

TECHNICAL **CHART 59**

DECORATIVE BASECOAT

Description of product

Universal leveling stucco, composed by very fine marble powders, specialty resins, oils and natural essences.

Application Field

Synthetic leveling for interior and exterior, excellent as a base for decorative, for smoothing fine.

Product characteristics

DECORATIVE BASECOAT is a synthetic leveling, leveling, filling, by the excellent thickening power.

Its particular mixture makes it more workable than other similar products.

DECORATIVE BASECOAT is extremely smooth, fine and consistent, and ensures a high degree of spreadability.

The product is ready to use, but if necessary, can be diluted with water. It is a product that provides good breathability where applied to the walls, thanks to its careful composition.
